S760W is a WinCE6.0 OS smart display, works with GPS tracker box for commercial vehicles.

Specifications

Processor & Operating System	
CPU	ARM Cortex-A9 Core 800MHz, SiRFAtlas VI
Operating System	WinCE 6.0
Memory	
DDR3	256MB
Nand Flash	128MB
Display	
	7 inch WVGA 800*480
	LED backlight, wide type
	350 nits
Keypad & Buttons	
	1 power button
	1 LED
Interface ports	
RS232 serial ports	RX * 2, TX * 1
CVBS input (Optional)	1

Accessible Expansion Slots

Internal/External SD socket	1 x Micro SD and 1 x External SD, support up to 32G
-----------------------------	---

I/O port

Digital input x 1 line

Audio

Speaker	1.5W 8ohm
---------	-----------

EAR & MIC

Physical Characteristics

Size	177*112*12 mm
------	---------------

Weight	0.577 kg
--------	----------

Environment

Main Power	5V
------------	----

Battery(Built-in)	No battery
-------------------	------------

Operating Temperature	-25°C to +70°C
-----------------------	----------------

Humidity	95%(+40°C)
